§ 121.3 The OPTN.

(a) *Organization of the OPTN.* (1) The OPTN shall establish a Board of Directors of whatever size the OPTN determines appropriate. The Board of Directors shall include:

(i) Approximately 50 percent transplant surgeons or transplant physicians;

(ii) At least 25 percent transplant candidates, transplant recipients, organ donors and family members. These members should represent the diversity of the population of transplant candidates, transplant recipients, organ donors and family members served by the OPTN including, to the extent practicable, the minority and gender diversity of this population. These members shall not be employees of, or have a similar relationship with OPOs, transplant centers, voluntary health organizations, transplant coordinators, histocompatibility experts, or other non-physician transplant professionals; however, the Board may waive this requirement for not more than 50 percent of these members; and

(iii) Representatives of OPOs, transplant hospitals, voluntary health associations, transplant coordinators, histocompatibility experts, non-physician transplant professionals, and the general public.

(2) The Board of Directors shall elect an Executive Committee from the membership of the Board. The Executive Committee shall include at least one general public member, one OPO representative, approximately 50 percent transplant surgeons and transplant physicians, and at least 25 percent transplant candidates, transplant recipients, organ donors, and family members.

(3) The Board of Directors shall appoint an Executive Director of the OPTN. The Executive Director may be reappointed upon the Board's determination that the responsibilities of

this position have been accomplished successfully.

(4) The Board of Directors shall establish such other committees as are necessary to perform the duties of the OPTN. Committees established by the Board of Directors shall include:

(i) Representation by transplant coordinators, organ procurement organizations, and transplant hospitals, and at least one transplant candidate, transplant recipient, organ donor or family member; and

(ii) To the extent practicable, minority and gender representation reflecting the diversity of the population of transplant candidates, transplant recipients, organ donors and family members served by the OPTN.

(b) *Membership of the OPTN.* (1) The OPTN shall admit and retain as members the following:

(i) All organ procurement organizations;

(ii) Transplant hospitals participating in the Medicare or Medicaid programs; and

(iii) Other organizations, institutions, and individuals that have an interest in the fields of organ donation or transplantation.

(2) To apply for membership in the OPTN:

(i) An OPO shall provide to the OPTN the name and address of the OPO, and the latest year of designation under section 1138(b) of the Social Security Act;

(ii) A transplant hospital shall provide to the OPTN the name and address of the hospital, a list of its transplant programs by type of organ; and

(iii) Any other organization, institution, or individual eligible under paragraph (c)(1)(iii) of this section shall demonstrate to the OPTN an interest in the fields of organ donation or transplantation.

(3) The OPTN shall accept or reject as members entities or individuals described in paragraph (c)(1)(iii) of this section within 90 days.

(4) Applicants rejected for membership in the OPTN may appeal to the Secretary. Appeals shall be submitted in writing within 30 days of rejection of the application. The Secretary may:

(i) Deny the appeal; or

(ii) Direct the OPTN to take action consistent with the Secretary's response to the appeal.

(c) *Corporate status of the OPTN.* (1) The OPTN shall be a private, not-for-profit entity.

(3) No OPTN member is required to become a member of any organization that is a parent, sponsor, contractor, or affiliated organization of the OPTN, to comply with the by-laws of any such organization, or to assume any corporate duties or obligations of any such organization.

(d) *Effective date.* The organization designated by the Secretary as the OPTN shall have until June 30, 2000, or six months from its initial designation as the OPTN, whichever is later, to meet the requirements of this section, except that the Secretary may extend such period for good cause.

[63 FR 16332, Apr. 2, 1998, as amended at 63 FR 35847, July 1, 1998; 64 FR 56658, Oct. 20, 1999]

§ 121.4 OPTN policies: Secretarial review and appeals.

(a) The OPTN Board of Directors shall be responsible for developing, with the advice of the OPTN membership and other interested parties, policies within the mission of the OPTN as set forth in section 372 of the Act and the Secretary's contract for the operation of the OPTN, including:

(1) Policies for the equitable allocation of cadaveric organs in accordance with § 121.8;

(2) Policies, consistent with recommendations of the Centers for Disease Control and Prevention, for the testing of organ donors and follow-up of transplant recipients to prevent the spread of infectious diseases;

(3) Policies that reduce inequities resulting from socioeconomic status, including, but not limited to:

(i) Ensuring that payment of the registration fee is not a barrier to listing

for patients who are unable to pay the fee;

(ii) Procedures for transplant hospitals to make reasonable efforts to obtain from all available sources, financial resources for patients unable to pay such that these patients have an opportunity to obtain a transplant and necessary follow-up care;

(iii) Recommendations to private and public payers and service providers on ways to improve coverage of organ transplantation and necessary follow-up care; and

(iv) Reform of allocation policies based on assessment of their cumulative effect on socioeconomic inequities;

(4) Policies regarding the training and experience of transplant surgeons and transplant physicians in designated transplant programs as required by § 121.9;

(5) Policies for nominating officers and members of the Board of Directors; and

(6) Policies on such other matters as the Secretary directs.

(b) The Board of Directors shall:

(1) Provide opportunity for the OPTN membership and other interested parties to comment on proposed policies and shall take into account the comments received in developing and adopting policies for implementation by the OPTN; and

(2) Provide to the Secretary, at least 60 days prior to their proposed implementation, proposed policies it recommends to be enforceable under § 121.10 (including allocation policies). These policies will not be enforceable until approved by the Secretary. The Board of Directors shall also provide to the Secretary, at least 60 days prior to their proposed implementation, proposed policies on such other matters as the Secretary directs. The Secretary will refer significant proposed policies to the Advisory Committee on Organ Transplantation established under § 121.12, and publish them in the FEDERAL REGISTER for public comment. The Secretary also may seek the advice of the Advisory Committee on Organ Transplantation established under § 121.12 on other proposed policies, and publish them in the FEDERAL

REGISTER for public comment. The Secretary will determine whether the proposed policies are consistent with the National Organ Transplant Act and this part, taking into account the views of the Advisory Committee and public comments. Based on this review, the Secretary may provide comments to the OPTN. If the Secretary concludes that a proposed policy is inconsistent with the National Organ Transplant Act or this part, the Secretary may direct the OPTN to revise the proposed policy consistent with the Secretary's direction. If the OPTN does not revise the proposed policy in a timely manner, or if the Secretary concludes that the proposed revision is inconsistent with the National Organ Transplant Act or this part, the Secretary may take such other action as the Secretary determines appropriate, but only after additional consultation with the Advisory Committee on the proposed action.

(c) The OPTN Board of Directors shall provide the membership and the Secretary with copies of its policies as they are adopted, and make them available to the public upon request. The Secretary will publish lists of OPTN policies in the FEDERAL REGISTER, indicating which ones are enforceable under § 121.10 or subject to potential sanctions of section 1138 of the Social Security Act. The OPTN shall also continuously maintain OPTN policies for public access on the Internet, including current and proposed policies.

(d) Any interested individual or entity may submit to the Secretary in writing critical comments related to the manner in which the OPTN is carrying out its duties or Secretarial policies regarding the OPTN. Any such comments shall include a statement of the basis for the comments. The Secretary will seek, as appropriate, the comments of the OPTN on the issues raised in the comments related to OPTN policies or practices. Policies or practices that are the subject of critical comments remain in effect during the Secretary's review, unless the Secretary directs otherwise based on possible risk to the health of patients or to public safety. The Secretary will consider the comments in light of the

National Organ Transplant Act and the regulations under this part and may consult with the Advisory Committee on Organ Transplantation established under § 121.12. After this review, the Secretary may:

(1) Reject the comments;
 (2) Direct the OPTN to revise the policies or practices consistent with the Secretary's response to the comments; or

(3) Take such other action as the Secretary determines appropriate.

(e) The OPTN shall implement policies and shall:

(1) Provide information to OPTN members about these policies and the rationale for them; and

(2) Update policies developed in accordance with this section to accommodate scientific and technological advances.

[63 FR 16332, Apr. 2, 1998, as amended at 64 FR 56658, Oct. 20, 1999]

§ 121.5 Listing requirements.

(a) A transplant hospital which is an OPTN member may list individuals, consistent with the OPTN's criteria under § 121.8(b)(1), only for a designated transplant program.

(b) Transplant hospitals shall assure that individuals are placed on the waiting list as soon as they are determined to be candidates for transplantation. The OPTN shall advise transplant hospitals of the information needed for such listing.

(c) An OPTN member shall pay a registration fee to the OPTN for each transplant candidate it places on the waiting list. The amount of such fee shall be calculated to cover (together with contract funds awarded by the Secretary) the reasonable costs of operating the OPTN and shall be determined by the OPTN with the approval of the Secretary. No less often than annually, and whether or not a change is proposed, the OPTN shall submit to the Secretary a statement of its proposed registration fee, together with such supporting information as the Secretary finds necessary to determine the reasonableness or adequacy of the fee schedule and projected revenues. This submission is due at least three months before the beginning of the OPTN's fiscal year. The Secretary will

§ 121.6

42 CFR Ch. I (10–1–00 Edition)

approve, modify, or disapprove the amount of the fee within a reasonable time of receiving the OPTN's submission.

[63 FR 16332, Apr. 2, 1998, as amended at 64 FR 56659, Oct. 20, 1999]

§ 121.6 Organ procurement.

The suitability of organs donated for transplantation shall be determined as follows:

(a) *Tests.* An OPTN member procuring an organ shall assure that laboratory tests and clinical examinations of potential organ donors are performed to determine any contraindications for donor acceptance, in accordance with policies established by the OPTN.

(b) *HIV.* The OPTN shall adopt and use standards for preventing the acquisition of organs from individuals known to be infected with human immunodeficiency virus.

(c) *Acceptance criteria.* Transplant programs shall establish criteria for organ acceptance, and shall provide such criteria to the OPTN and the OPOs with which they are affiliated.

[63 FR 16332, Apr. 2, 1998, as amended at 64 FR 56659, Oct. 20, 1999]

§ 121.7 Identification of organ recipient.

(a) *List of potential transplant recipients.* (1) An OPTN member procuring an organ shall operate the OPTN computer match program within such time as the OPTN may prescribe to identify and rank potential recipients for each cadaveric organ procured.

(2) The rank order of potential recipients shall be determined for each cadaveric organ using the organ specific allocation criteria established in accordance with § 121.8.

(3) When a donor or donor organ does not meet a transplant program's donor acceptance criteria, as established under § 121.6(c), transplant candidates of that program shall not be ranked among potential recipients of that organ and shall not appear on a roster of potential recipients of that organ.

(b) *Offer of organ for potential recipients.* (1) Organs shall be offered for potential recipients in accordance with policies developed under § 121.8 and implemented under § 121.4.

(2) Organs may be offered only to potential recipients listed with transplant programs having designated transplant programs of the same type as the organ procured.

(3) An organ offer is made when all information necessary to determine whether to transplant the organ into the potential recipient has been given to the transplant hospital.

(4) A transplant program shall either accept or refuse the offered organ for the designated potential recipient within such time as the OPTN may prescribe. A transplant program shall document and provide to the OPO and to the OPTN the reasons for refusal and shall maintain this document for one year.

(c) *Transportation of organ to potential recipient—*(1) *Transportation.* The OPTN member that procures a donated organ shall arrange for transportation of the organ to the transplant hospital.

(2) *Documentation.* The OPTN member that is transporting an organ shall assure that it is accompanied by written documentation of activities conducted to determine the suitability of the organ donor and shall maintain this document for one year.

(3) *Packaging.* The OPTN member that is transporting an organ shall assure that it is packaged in a manner that is designed to maintain the viability of the organ.

(d) *Receipt of an organ.* Upon receipt of an organ, the transplant hospital responsible for the potential recipient's care shall determine whether to proceed with the transplant. In the event that an organ is not transplanted into the potential recipient, the OPO which has a written agreement with the transplant hospital must offer the organ for another potential recipient in accordance with paragraph (b)(2) of this section.

(e) *Wastage.* Nothing in this section shall prohibit a transplant program from transplanting an organ into any medically suitable candidate if to do otherwise would result in the organ not being used for transplantation. The transplant program shall notify the OPTN and the OPO which made the

organ offer of the circumstances justifying each such action within such time as the OPTN may prescribe.

[63 FR 16332, Apr. 2, 1998, as amended at 64 FR 56659, Oct. 20, 1999]

§ 121.8 Allocation of organs.

(a) *Policy development.* The Board of Directors established under § 121.3 shall develop, in accordance with the policy development process described in § 121.4, policies for the equitable allocation of cadaveric organs among potential recipients. Such allocation policies:

(1) Shall be based on sound medical judgment;

(2) Shall seek to achieve the best use of donated organs;

(3) Shall preserve the ability of a transplant program to decline an offer of an organ or not to use the organ for the potential recipient in accordance with § 121.7(b)(4)(d) and (e);

(4) Shall be specific for each organ type or combination of organ types to be transplanted into a transplant candidate;

(5) Shall be designed to avoid wasting organs, to avoid futile transplants, to promote patient access to transplantation, and to promote the efficient management of organ placement;

(6) Shall be reviewed periodically and revised as appropriate;

(7) Shall include appropriate procedures to promote and review compliance including, to the extent appropriate, prospective and retrospective reviews of each transplant program's application of the policies to patients listed or proposed to be listed at the program; and

(8) Shall not be based on the candidate's place of residence or place of listing, except to the extent required by paragraphs (a)(1)–(5) of this section.

(b) *Allocation performance goals.* Allocation policies shall be designed to achieve equitable allocation of organs among patients consistent with paragraph (a) of this section through the following performance goals:

(1) Standardizing the criteria for determining suitable transplant candidates through the use of minimum criteria (expressed, to the extent possible, through objective and measurable medical criteria) for adding indi-

viduals to, and removing candidates from, organ transplant waiting lists;

(2) Setting priority rankings expressed, to the extent possible, through objective and measurable medical criteria, for patients or categories of patients who are medically suitable candidates for transplantation to receive transplants. These rankings shall be ordered from most to least medically urgent (taking into account, in accordance with paragraph (a) of this section, and in particular in accordance with sound medical judgment, that life sustaining technology allows alternative approaches to setting priority ranking for patients). There shall be a sufficient number of categories (if categories are used) to avoid grouping together patients with substantially different medical urgency;

(3) Distributing organs over as broad a geographic area as feasible under paragraphs (a)(1)–(5) of this section, and in order of decreasing medical urgency; and

(4) Applying appropriate performance indicators to assess transplant program performance under paragraphs (c)(2)(i) and (c)(2)(ii) of this section and reducing the inter-transplant program variance to as small as can reasonably be achieved in any performance indicator under paragraph (c)(2)(iii) of this section as the Board determines appropriate, and under paragraph (c)(2)(iv) of this section. If the performance indicator “waiting time in status” is used for allocation purposes, the OPTN shall seek to reduce the inter-transplant program variance in this indicator, as well as in other selected performance indicators, to as small as can reasonably be achieved, unless to do so would result in transplanting less medically urgent patients or less medically urgent patients within a category of patients.

(c) *Allocation performance indicators.*

(1) Each organ-specific allocation policy shall include performance indicators. These indicators must measure how well each policy is:

(i) Achieving the performance goals set out in paragraph (b) of this section; and

(ii) Giving patients, their families, their physicians, and others timely and

accurate information to assess the performance of transplant programs.

(2) Performance indicators shall include:

(i) Baseline data on how closely the results of current allocation policies approach the performance goals established under paragraph (b) of this section;

(ii) With respect to any proposed change, the amount of projected improvement in approaching the performance goals established under paragraph (b) of this section;

(iii) Such other indicators as the Board may propose and the Secretary approves; and

(iv) Such other indicators as the Secretary may require.

(3) For each organ-specific allocation policy, the OPTN shall provide to the Secretary data to assist the Secretary in assessing organ procurement and allocation, access to transplantation, the effect of allocation policies on programs performing different volumes of transplants, and the performance of OPOs and the OPTN contractor. Such data shall be required on performance by organ and status category, including program-specific data, OPO-specific data, data by program size, and data aggregated by organ procurement area, OPTN region, the Nation as a whole, and such other geographic areas as the Secretary may designate. Such data shall include the following measures of inter-transplant program variation: risk-adjusted total life-years pre-and post-transplant, risk-adjusted patient and graft survival rates following transplantation, risk-adjusted waiting time and risk-adjusted transplantation rates, as well as data regarding patients whose status or medical urgency was misclassified and patients who were inappropriately kept off a waiting list or retained on a waiting list. Such data shall cover such intervals of time, and be presented using confidence intervals or other measures of variance, as may be required to avoid spurious results or erroneous interpretation due to small numbers of patients covered.

(d) *Transition patient protections.*—(1) *General.* When the OPTN revises organ allocation policies under this section, it shall consider whether to adopt transition procedures that would treat peo-

ple on the waiting list and awaiting transplantation prior to the adoption or effective date of the revised policies no less favorably than they would have been treated under the previous policies. The transition procedures shall be transmitted to the Secretary for review together with the revised allocation policies.

(2) *Special rule for initial revision of liver allocation policies.* When the OPTN transmits to the Secretary its initial revision of the liver allocation policies, as directed by paragraph (e)(1) of this section, it shall include transition procedures that, to the extent feasible, treat each individual on the waiting list and awaiting transplantation on October 20, 1999 no less favorably than he or she would have been treated had the revised liver allocation policies not become effective. These transition procedures may be limited in duration or applied only to individuals with greater than average medical urgency if this would significantly improve administration of the list or if such limitations would be applied only after accommodating a substantial preponderance of those disadvantaged by the change in the policies.

(e) *Deadlines for initial reviews.* (1) The OPTN shall conduct an initial review of existing allocation policies and, except as provided in paragraph (e)(2) of this section, no later than November 16, 2000 shall transmit initial revised policies to meet the requirements of paragraphs (a) and (b) of this section, together with supporting documentation to the Secretary for review in accordance with § 121.4.

(2) No later than March 16, 2000 the OPTN shall transmit revised policies and supporting documentation for liver allocation to meet the requirements of paragraphs (a) and (b) of this section to the Secretary for review in accordance with § 121.4. The OPTN may transmit these materials without seeking further public comment under § 121.4(b).

(f) *Secretarial review of policies, performance indicators, and transition patient protections.* The OPTN's transmittal to the Secretary of proposed allocation policies and performance indicators shall include such supporting material, including the results of model-based computer simulations, as

the Secretary may require to assess the likely effects of policy changes and as are necessary to demonstrate that the proposed policies comply with the performance indicators and transition procedures of paragraphs (c) and (d) of this section.

(g) *Variances.* The OPTN may develop, in accordance with § 121.4, experimental policies that test methods of improving allocation. All such experimental policies shall be accompanied by a research design and include data collection and analysis plans. Such variances shall be time limited. Entities or individuals objecting to variances may appeal to the Secretary under the procedures of § 121.4.

(h) *Directed donation.* Nothing in this section shall prohibit the allocation of an organ to a recipient named by those authorized to make the donation.

[64 FR 56659, Oct. 20, 1999, as amended at 64 FR 71626, Dec. 21, 1999]

(c) The OPTN shall, within 90 days, accept or reject applications to be a designated transplant program.

(d) Applicants rejected for designation may appeal to the Secretary. Appeals shall be submitted in writing within 30 days of rejection of the application. The Secretary may:

(1) Deny the appeal; or

(2) Direct the OPTN to take action consistent with the Secretary's response to the appeal.

[63 FR 16332, Apr. 2, 1998, as amended at 64 FR 56660, Oct. 20, 1999]

§ 121.10 Reviews, evaluation, and enforcement.

(a) *Review and evaluation by the Secretary.* The Secretary or her/his designee may perform any reviews and evaluations of member OPOs and transplant programs which the Secretary deems necessary to carry out her/his responsibilities under the Public Health Service Act and the Social Security Act.

(b) *Review and evaluation by the OPTN.* (1) The OPTN shall design appropriate plans and procedures, including survey instruments, a peer review process, and data systems, for purposes of:

§ 121.11

42 CFR Ch. I (10–1–00 Edition)

(i) Reviewing applications submitted under § 121.3(c) for membership in the OPTN;

(ii) Reviewing applications submitted under § 121.9(b) to be a designated transplant program; and

(iii) Conducting ongoing and periodic reviews and evaluations of each member OPO and transplant hospital for compliance with these rules and OPTN policies.

(2) Upon the approval of the Secretary, the OPTN shall furnish review plans and procedures, including survey instruments and a description of data systems, to each member OPO and transplant hospital. The OPTN shall furnish any revisions of these documents to member OPOs and hospitals, after approval by the Secretary, prior to their implementation.

(3) At the request of the Secretary, the OPTN shall conduct special reviews of OPOs and transplant programs, where the Secretary has reason to believe that such entities may not be in compliance with these rules or OPTN policies or may be acting in a manner which poses a risk to the health of patients or to public safety. The OPTN shall conduct these reviews in accordance with such schedules as the Secretary specifies and shall make periodic reports to the Secretary of progress on such reviews and on other reviews conducted under the requirements of this paragraph.

(4) The OPTN shall notify the Secretary in a manner prescribed by the Secretary within 3 days of all committee and Board of Directors meetings in which transplant hospital and OPO compliance with these regulations or OPTN policies is considered.

(c) *Enforcement of OPTN rules*—(1) *OPTN recommendations.* The Board of Directors shall advise the Secretary of the results of any reviews and evaluations conducted under paragraph (b)(1)(iii) or paragraph (b)(3) of this section which, in the opinion of the Board, indicate noncompliance with these rules or OPTN policies, or indicate a risk to the health of patients or to the public safety, and shall provide any recommendations for appropriate action by the Secretary. Appropriate action may include removal of designation as a transplant program under

§ 121.9, termination of a transplant hospital's participation in Medicare or Medicaid, termination of a transplant hospital's reimbursement under Medicare and Medicaid, termination of an OPO's reimbursement under Medicare and Medicaid, if the noncompliance is with a policy designated by the Secretary as covered by section 1138 of the Social Security Act, or such other compliance or enforcement measures contained in policies developed under § 121.4.

(2) *Secretary's action on recommendations.* Upon the Secretary's review of the Board of Directors' recommendations, the Secretary may:

(i) Request further information from the Board of Directors or the alleged violator, or both;

(ii) Decline to accept the recommendation;

(iii) Accept the recommendation, and notify the alleged violator of the Secretary's decision; or

(iv) Take such other action as the Secretary deems necessary.

[63 FR 16332, Apr. 2, 1998, as amended at 64 FR 56661, Oct. 20, 1999]

§ 121.11 Record maintenance and reporting requirements.

(a) *Record maintenance.* Records shall be maintained and made available subject to OPTN policies and applicable limitations based on personal privacy as follows:

(1) The OPTN and the Scientific Registry, as appropriate, shall:

(i) Maintain and operate an automated system for managing information about transplant candidates, transplant recipients, and organ donors, including a computerized list of individuals waiting for transplants;

(ii) Maintain records of all transplant candidates, all organ donors and all transplant recipients;

(iii) Operate, maintain, receive, publish, and transmit such records and information electronically, to the extent feasible, except when hard copy is requested; and

(iv) In making information available, provide manuals, forms, flow charts, operating instructions, or other explanatory materials as necessary to understand, interpret, and use the information accurately and efficiently.

(2) *Organ procurement organizations and transplant programs*—(i) *Maintenance of records.* All OPOs and transplant programs shall maintain such records pertaining to each potential donor identified, each organ retrieved, each recipient transplanted and such other transplantation-related matters as the Secretary deems necessary to carry out her/his responsibilities under the Act. The OPO or transplant program shall maintain these records for seven years.

(B) If the opening date is not available, it means the date on which the Secretary approved the final part of the facility’s application for assistance under title VI of the Act;

(C) If the date of final approval is not available, it means whatever date the Secretary determines most reasonably approximates the date of final approval.

(2) *Facilities assisted under title XVI.* The provisions of this subpart apply to a facility assisted under title XVI of the Act at all times following the Secretary’s approval of the facility’s application for assistance under title XVI, except that if the facility does not at the time of that approval provide health services, the assurance applies at all times following the facility’s initial provision of health services to patients, as determined by the Secretary.

§ 124.502 Definitions.

As used in this subpart—

(a) *Act* means the Public Health Service Act, as amended.

(b) *Allowable credit* for services provided to a specific patient means the lesser of the facility’s usual charge for those services, or the usual charge multiplied by the percentage which the total allowable cost as reported by the facility in the facility’s preceding fiscal year under title XVIII of the Social Security Act (42 U.S.C. 1395, *et seq.*) and the implementing regulations (42 CFR part 413) bears to the facility’s total patient revenues for the year.

(c) *Applicant* means a person who requests uncompensated services or on whose behalf uncompensated services are requested.

(d) *CPI* means the National Consumer Price Index for medical care.

(e) *Facility* means an entity that received assistance under title VI or XVI of the Act and provided an assurance that it would provide a reasonable volume of services to persons unable to pay for the services.

(f) *Federal assistance* means assistance received by the facility under title VI or title XVI of the Act and any assist-

ance supplementary to that title VI or title XVI assistance received by the facility under any of the following acts: the District of Columbia Medical Facilities Construction Act of 1968, 82 Stat. 631 (Pub. L. 90–457); the Public Works Acceleration Act of 1962 (42 U.S.C. 2641, *et seq.*); the Public Works and Economic Development Act of 1965 (42 U.S.C. 3121, *et seq.*); the Appalachian Regional Development Act of 1965, as amended (40 U.S.C. App.); the Local Public Works Capital Development and Investment Act of 1976 (Pub. L. 94–369). In the case of a loan guaranteed by the Secretary with an interest subsidy, the amount of Federal assistance under title VI or title XVI for a fiscal year is the total amount of the interest subsidy that the Secretary will have paid by the close of that fiscal year, as well as any other payments which the Secretary has made as of the beginning of the fiscal year on behalf of the facility in connection with the loan guarantee or the direct loan which has been sold.

(g) *Fiscal year* means the facility’s fiscal year.

(h) *Nursing home* means a facility which received Federal assistance for and operates as a *facility for long-term care* as defined at, as applicable, section 645(h) or section 1624(6) of the Act.

(i) *Operating costs* for any fiscal year means the total operating expenses of a facility as set forth in an audited financial statement, minus the amount of reimbursement, if any, received (or if not received, claimed) in that year under titles XVIII and XIX of the Social Security Act.

(j) *Persons unable to pay* means persons who meet the eligibility criteria set out in § 124.505.

(k) *Request for uncompensated services* means any indication by or on behalf of an individual seeking services of the facility of the individual’s inability to pay for services. A request for uncompensated services may be made at any time, including following institution of a collection action against the individual.

(l) *Secretary* means the Secretary of Health and Human Services or [his or her] delegatee.

(m) *Uncompensated services* means:

(1) For facilities other than those certified under § 124.513, § 124.514,

§ 124.515, or § 124.516, health services that are made available to persons unable to pay for them without charge or at a charge which is less than the allowable credit for those services. The amount of uncompensated services provided in a fiscal year is the total allowable credit for services less the amount charged for the services following an eligibility determination. Excluded are services provided more than 96 hours following notification to the facility by a peer review organization that it disapproved the services under section 1155(a)(1) or section 1154(a)(1) of the Social Security Act.

(2) For facilities certified under § 124.513, § 124.514, § 124.515, or § 124.516, services as defined in paragraph (m)(1) of this section and services that are made available to persons unable to pay for them under programs described by the documentation provided under § 124.513(c)(2), § 124.514(c)(2), or § 124.516(c)(2), as applicable, or pursuant to the terms of the applicable grant or agreement as provided in § 124.515. Except as provided in § 124.516, excluded are services reimbursed by Medicare, Medicaid, or other third party programs, including services for which reimbursement was provided as payment in full, and services provided more than 96 hours following notification to the facility by a peer review organization that it disapproved the services under section 1155(a)(1) or section 1154(a)(1) of the Social Security Act.

§ 124.503 Compliance level.

(a) *Annual compliance level.* Subject to the provisions of this subpart, a facility is in compliance with its assurance to provide a reasonable volume of services to persons unable to pay if it provides for the fiscal year uncompensated services at a level not less than the lesser of—

(1) Three percent of its operating costs for the most recent fiscal year for which an audited financial statement is available;

(2) Ten percent of all Federal assistance provided to or on behalf of the facility, adjusted by a percentage equal to the percentage change in the CPI between the year in which the facility re-

ceived assistance or 1979, whichever is later, and the most recent year for which a published index is available.

(b) *Deficits.* If in any fiscal year a facility fails to meet its annual compliance level, it shall provide uncompensated services in an amount sufficient to make up that deficit in subsequent years, and its period of obligation shall be extended until the deficit is made up.

(1) *Types of deficits.* For purposes of determining the timing and amount of any deficit make-up, there are two types of deficits:

(i) *Justifiable deficits.* A justifiable deficit is one in which the facility did not meet its annual compliance level due to either financial inability (as determined under § 124.511(c)) or, although otherwise in compliance with this subpart, a lack of eligible applicants for uncompensated services during the fiscal year.

(ii) *Noncompliance deficits.* A noncompliance deficit is one in which the facility failed to meet its annual compliance level due to noncompliance with this subpart.

(2) *Timing of deficit make-up—(i) Justifiable deficits.* (A) A facility assisted under title VI of the Act may make up a justifiable deficit at any time during its period of obligation or in the year (or years, if necessary) immediately following its period of obligation.

(B) A facility assisted under title XVI of the Act is not required to make up a justifiable deficit.

(ii) *Noncompliance deficits.* (A) A facility must begin to make up a noncompliance deficit in the fiscal year following the finding of noncompliance by the Secretary.

(B) A facility which claimed financial inability under § 124.509(a)(2)(iii) and is found by the Secretary, pursuant to § 124.511(c), to have been financially able to provide uncompensated services in the year in which the deficit was incurred shall begin to make up the deficit beginning in the fiscal year following the Secretary's finding.

(C) A facility required to make up a noncompliance deficit but which is determined by the Secretary, pursuant to § 124.511(c), to be financially unable to do so in the year following the Secretary's finding of noncompliance shall

make up the deficit in accordance with a schedule set by the Secretary.

(3) *Deficit make-up amount.* (i) The amount of a deficit in any fiscal year is the difference between the facility's annual compliance level for that year and the amount of uncompensated services provided in that year.

(ii) The amount of a justifiable deficit must be adjusted by a percentage equal to the percentage change in the CPI between the CPI available in the fiscal year in which the deficit was incurred and the CPI available in the fiscal year in which it was made up.

(iii) An amount equal to the result of dividing the amount of any noncompliance deficit for a fiscal year by the number of years of obligation remaining and adjusting it by a percentage equal to the percentage change in the CPI between the CPI available in the fiscal year in which the deficit was incurred and the CPI available in the fiscal year in which it was made up shall be added to a facility's annual compliance level for each fiscal year following the fiscal year of the finding of noncompliance.

(4) *Affirmative action plan for precluding future deficits.* Except where a facility reports to the Secretary in accordance with § 124.509(a)(2)(iii) that it was financially unable to provide uncompensated services at the annual compliance level, a facility that fails to meet its annual compliance level in any fiscal year shall, in the following year, develop and implement a plan of action that can reasonably be expected to enable the facility to meet its annual compliance level. Such actions may include special notice to the community through newspaper, radio, and television, or expansion of service to Category B, or, with respect to nursing homes, Category C, persons. The Secretary may require changes to the plan. Where a facility fails to comply with this section, the Secretary may require it to make up the deficit in the fiscal year following the year in which it was required to institute the plan.

(c) *Excesses.* (1) Except for facilities certified under § 124.513, § 124.514, or § 124.515, if a facility provides in a fiscal year uncompensated services in an amount exceeding its annual compliance level, it may apply the amount of

excess to reduce its annual compliance level in any subsequent fiscal year. The facility may use any excess amount to reduce its annual compliance level only if the services in excess of the annual compliance level are provided in accordance with the requirements of this subpart.

(2) *Calculation and adjustment of excess.* (i) The amount of an excess in uncompensated services in any fiscal year is the difference between the amount of uncompensated services the facility provided in that year and the facility's annual compliance level for that year.

(ii) The amount of any excess compliance applied to reduce a facility's annual compliance level must be adjusted by a percentage equal to the percentage change in the CPI between the CPI available in the fiscal year in which the facility provided the excess, and the CPI available in the fiscal year in which the facility applies the excess to reduce its annual compliance level or satisfy its remaining obligation.

(3) Except as provided in subparagraph (1) of this paragraph, a facility assisted under title VI may in any fiscal year apply the amount of excess credited under this paragraph to satisfy the remainder of its obligation to provide uncompensated services. A facility's remaining obligation is determined as follows:

(i) Where the annual compliance level in such fiscal year is established under paragraph (a)(2) of this section, the remaining obligation is:

(A) For grant assistance, 10 percent of each grant under obligation, multiplied by the number of years remaining in its period of obligation, adjusted as provided for in paragraph (a)(2) of this section, plus any deficits required to be made up and less any unused excesses accrued in prior years; and

(B) For loan assistance, the facility's annual compliance level multiplied by the number of years remaining in the scheduled life of the loan, plus the sum of 10 percent of each yearly cumulative total of additional interest subsidy or other payments (which the Secretary will have made in connection with the guaranteed loan or a direct loan which has been sold) in each subsequent year remaining in the scheduled life of the loan, plus any deficits required to be

made up, and less any unused excesses accrued in prior years; or

(ii) Where the annual compliance level in such fiscal year is established under paragraph (a)(1) of this section, the remaining obligation is the average of the facility's annual compliance levels in the previous three years, multiplied by the number of years remaining in its period of obligation, plus any deficits required to be made up under this section, and less any unused excesses accrued in prior years.

[52 FR 46031, Dec. 3, 1987; 52 FR 48362, Dec. 21, 1987, as amended at 60 FR 16756, Mar. 31, 1995]

§ 124.504 Notice of availability of uncompensated services.

(a) *Published notice.* A facility shall publish in a newspaper of general circulation in its area notice of its uncompensated services obligation before the beginning of its fiscal year. The notice shall include:

(1) The plan of allocation the facility proposes to adopt;

(2) The amount of uncompensated services the facility intends to make available in the fiscal year or a statement that the facility will provide uncompensated services to all persons unable to pay who request uncompensated services;

(3) An explanation, if the amount of uncompensated services the facility intends to make available in a fiscal year is less than the annual compliance level. If a facility has satisfied its remaining uncompensated services obligation since the last published notice under this paragraph, or will satisfy the remaining obligation during the fiscal year, the explanation must include this information; and

(4) A statement inviting interested parties to comment on the allocation plan.

(b) *Posted notice.* (1) The facility shall post notices, which the Secretary supplies in English and Spanish, in appropriate areas in the facility, including but not limited to the admissions areas, the business office, and the emergency room.

(2) If in the service area of the facility the "usual language of households" of ten percent or more of the population according to the most recent figures published by the Bureau of the

Census is other than English or Spanish, the facility shall translate the notice into that language and post the translated notice on signs substantially similar in size and legibility to and posted with those supplied under paragraph (b)(1) of this section.

(3) The facility shall make reasonable efforts to communicate the contents of the posted notice to persons who it has reason to believe cannot read the notice.

(c) *Individual written notice.* (1) In any period during a fiscal year in which uncompensated services are available in the facility, the facility shall provide individual written notice of the availability of uncompensated services to each person who seeks services in the facility on behalf of himself or another. The individual written notice must:

(i) State that the facility is required by law to provide a reasonable amount of care without or below charge to people who cannot afford care;

(ii) Set forth the criteria the facility uses for determining eligibility for uncompensated services (in accordance with the financial eligibility criteria and the allocation plan);

(iii) State the location in the facility where anyone seeking uncompensated services may request them; and

(iv) State that the facility will make a written determination of whether the person will receive uncompensated services, and the date by or period within which the determination will be made.

(2) The facility shall provide the individual written notice before providing services, except where the emergency nature of the services provided makes prior notice impractical. If this exception applies, the facility shall provide the individual written notice to the next of kin or to the patient as soon as practical, but not later than when first presenting a bill for services.

(3) The facility shall make reasonable efforts to communicate the contents of the individual written notice to persons who it has reason to believe cannot read the notice.

§ 124.505 Eligibility criteria.

(a) A person unable to pay for health services is a person who—

§ 124.506

42 CFR Ch. I (10–1–00 Edition)

(1) Is not covered, or receives services not covered, under a third-party insurer or governmental program, except where the person is not covered because the facility fails to participate in a program in which it is required to participate by § 124.603(c);

(2) Falls into one of the following categories:

(i) *Category A*—A person whose annual individual or family income, as applicable, is not greater than the current poverty line issued by the Secretary pursuant to 42 U.S.C. 9902 that applies to the individual or family. The facility shall provide uncompensated services to persons in Category A without charge.

(ii) *Category B*—A person whose annual individual or family income, as applicable, is greater than but not more than twice the poverty line issued by the Secretary pursuant to 42 U.S.C. 9902 that applies to the individual or family. (iii) *Category C*—With respect only to persons seeking or receiving nursing home services, a person whose annual or family income, as applicable, is more than twice but not greater than three times the poverty line issued by the Secretary pursuant to 42 U.S.C. 9902 that applies to the individual or family. If persons in Category C are included in the allocation plan, the facility shall provide uncompensated services to these persons without charge, or in accordance with a schedule of charges as specified in the allocation plan; and

(3) Requests services within the facility's allocation plan in effect at the time of the request.

(b) For purposes of determining eligibility for uncompensated services, revisions of the poverty line are effective 60 days from the date of their publication in the FEDERAL REGISTER.

(c) A person is eligible for uncompensated services if the person's individual or family annual income, as applicable, is at or below the level established under paragraph (a)(2) of this section,

when calculated by either of the following methods:

(1) Multiplying by four the person's or family's income, as applicable, for the three months preceding the request for uncompensated services;

(2) Using the person's or family's income, as applicable, for the twelve months preceding the request for uncompensated services.

§ 124.506 Allocation of services; plan requirement.

(a)(1) A facility shall provide its uncompensated services in accordance with a plan that sets out the method by which the facility will distribute its uncompensated services among persons unable to pay. The plan must:

(i) State the type of services that will be made available;

(ii) Specify the method, if any, for distributing those services in different periods of the year;

(iii) State whether Category B or, in the case of nursing homes only, Category C persons will be provided uncompensated services, and if so, whether the services will be available without charge or at a reduced charge;

(iv) If services will be made available to Category B persons at a reduced charge, specify the method used for reducing charges, and provide that the method is applicable to all persons in Category B;

(v) With respect to nursing homes only, if services will be made available to Category C persons at a reduced charge, specify the method used for reducing charges, provided that such method may not result in greater reductions than those afforded to Category B persons, and provide that this method is applicable to all persons in Category C; and

(vi) Provide that the facility provides uncompensated services to all persons eligible under the plan who request uncompensated services.

(2) A facility must adopt an allocation plan that meets the requirements of paragraph (a) by publishing the plan in a newspaper of general circulation in its area. The plan may take effect no earlier than 60 days following the date of publication.

(b)(1) If in any fiscal year a facility fails to adopt and publish a plan in accordance with paragraph (a) of this section, it shall provide uncompensated services in accordance with the last plan it published in a newspaper of general circulation in its area.

(2) If no plan was previously published in accordance with paragraph (a)(2) of this section, the facility must provide uncompensated services without charge to all applicants in Category A and Category B, and, with respect to nursing homes, Category C, who request service in the facility. This requirement applies until the facility ceases to provide uncompensated services under § 124.508 or until an allocation plan published in accordance with paragraph (a)(2) of this section becomes effective.

(c) A facility may revise its allocation plan during the fiscal year by publishing the revised plan in a newspaper of general circulation in the area it serves. A revised plan may take effect no earlier than 60 days following the date of publication.

(3) *Denials*. A facility must provide to each applicant denied the uncompensated services requested, in whole or in part, a dated statement of the reasons for the denial.

§ 124.511 Investigation and determination of compliance.

(a) *Complaints.* A complaint that a facility is out of compliance with the requirements of this subpart may be filed with the Secretary by any person.

(1) A complaint is considered to be filed with the Secretary on the date the following information is received in the Office of the HHS Regional Health Administrator for the Region in which the facility is located:

(i) The name and address of the person making the complaint or on whose behalf the complaint is made;

(ii) The name and location of the facility;

(iii) The date or approximate date on which the event occurred; and

(iv) A statement of what actions the complainant considers to violate the requirements of this subpart.

(2) The Secretary promptly provides a copy of the complaint to the facility named in the complaint.

(3) When the Secretary investigates a facility, the facility, including a facility certified under § 124.513, § 124.514, § 124.515, or § 124.516, shall provide to the Secretary on request any documents, records and other information concerning its operation that relate to the requirements of this subpart. A facility will be presumed to be out of compliance with its assurance unless it supplies documentation sufficient to show compliance with the applicable provisions of this subpart.

(4) Section 1627 of the Act provides that if the Secretary dismisses a complaint or the Attorney General has not brought an action for compliance within six months from the date on which the complaint is filed, the person filing it may bring a private action to effectuate compliance with the assurance. If the Secretary determines that he/she will be unable to issue a decision on a complaint or otherwise take appropriate action within the six month period, the Secretary may, based on priorities for the disposition of complaints that are established to promote the most effective use of enforcement resources, or on the request of the applicant, dismiss the complaint without a finding as to compliance prior to the end of the six month period, but no ear-

lier than 45 days after the complaint is filed.

(b) *Assessments.* The Secretary periodically investigates and assesses facilities to ascertain compliance with the requirements of this subpart, including certification of the amount of uncompensated services provided in a fiscal year or years, and provides guidance and prescribes corrective action to correct noncompliance.

(1) *Compliance after February 1, 1988.*

(i) The Secretary may certify that a facility has substantially complied with its assurance for a fiscal year or years, and such certification shall establish that the facility provided the amount of uncompensated services certified for the period covered by the certification.

(ii) A certification of substantial compliance shall be based on the amount properly claimed by the facility pursuant to § 124.509(a), utilizing procedures determined by the Secretary to be sufficient to establish that the facility has substantially complied with its assurance for the period covered by the certification. The procedures will include examination of individual account data to the extent deemed necessary by the Secretary.

(iii) A certification of substantial compliance will be made where the Secretary determines that, for the period covered by the certification, the facility provided uncompensated services to eligible persons who had equal opportunity to apply therefor. In making this determination, the Secretary will consider, in descending order of importance, whether—

(A) Corrective action prescribed pursuant to § 124.512(b) has been taken by the facility;

(B) Any noncompliance with the requirements of this subpart may be remedied by corrective action under § 124.512(b);

(C) The facility had procedures in place that complied with the requirements of §§ 124.504(c), 124.505, 124.507, 124.509, 124.510, 124.513(b)(2), 124.514(b)(2), 124.515, and 124.516 (b)(1) or (b)(2), as applicable, and systematically correctly followed such procedures.

(2) *Compliance prior to February 1, 1988.* The Secretary will determine the amount of creditable services provided prior to the effective date of these

rules using the compliance standards applicable under the rules as promulgated on May 18, 1979, based on procedures determined by the Secretary to be sufficient to establish that the facility provided such amounts of uncompensated services in the period(s) being assessed.

(c) *Determinations of financial inability.* In determining whether a facility was or is financially able to meet its annual compliance level, the Secretary will consider any comments submitted by interested parties. In making this determination, the Secretary will consider factors such as:

- (1) The ratio of revenues to expenses;
- (2) The occupancy rate;
- (3) The ratio of current assets to current liabilities;
- (4) The average cost per patient day;
- (5) The number of days of operating expenses in accounts payable;
- (6) The number of days of revenues in accounts receivable;
- (7) The sinking fund (or depreciation fund) balance;
- (8) The debt coverage ratio; and
- (9) The availability of restricted or unrestricted funds (such as an endowment) available for charitable use.

§ 124.512 Enforcement.

(a) If the Secretary finds, based on his/her investigation under § 124.511, that a facility did not comply with the requirements of this subpart, the Secretary may take any action authorized by law to secure compliance, including but not limited to, voluntary agreement or a request to the Attorney General to bring an action against the facility for specific performance.

(b) A facility, including a facility certified under § 124.513, § 124.514, or § 124.516, that has denied uncompensated services to any person because it failed to comply with the requirements of this subpart will not be in compliance with its assurance until it takes whatever steps are necessary to remedy fully the noncompliance, including:

- (1) Provision of uncompensated services to applicants improperly denied;

(2) Repayment of amounts improperly collected from persons eligible to receive uncompensated services; and

(3) Other corrective actions prescribed by the Secretary.

(c) The Secretary may disallow all of the uncompensated services claimed in a fiscal year where the Secretary finds that the facility was in substantial noncompliance with its assurance because it failed to:

(1) Have a system for providing notice to eligible persons as required by § 124.504(c), § 124.513(b)(2), § 124.514(b)(2), or § 124.516(b)(2)(ii)(A), as applicable;

(2) Comply with the applicable reporting requirements of § 124.509;

(3) Have a system for maintaining records of uncompensated services provided in accordance with § 124.510; or

(4) Take corrective action prescribed pursuant to paragraph (b) of this section.

(d) In the absence of a finding of substantial compliance or substantial noncompliance in a fiscal year, the Secretary may disallow uncompensated services claimed by a facility in that fiscal year to the extent that the Secretary finds that such services are not documented as uncompensated services under § 124.510 or are subject to disallowance under § 124.513(d) or § 124.514(d), as applicable.

§ 124.513 Public facility compliance alternative.

(a) *Effect of certification.* The Secretary may certify a facility which meets the requirements of paragraphs (b) and (c) of this section as a "public facility". A facility which is so certified is not required to comply with this subpart except as otherwise herein provided.

(b) *Criteria for qualification.* A public facility may qualify for certification under this section if all of the following criteria are met:

(1) It is a facility which is owned and operated by a unit of State or local government or a quasi-public corporation as defined at 42 CFR 124.2(m).

(2) It provides health services without charge or at a substantially reduced rate to persons who are determined by the facility to qualify therefor under a program of discounted health services. A “program of discounted health services” must provide for financial and other objective eligibility criteria and procedures, including notice prior to nonemergency service, that assure effective opportunity for all persons to apply for and obtain a determination of eligibility for such services, including a determination prior to service where requested; *provided that*, such criteria and procedures are not required where the facility makes all services available to all persons at no or nominal charge.

(3)(i) It received, for the three most recent fiscal years, at least 10 percent of its total operating revenue (net patient revenue plus other operating revenue, exclusive of any amounts received, or if not received, claimed, as reimbursement under titles XVIII and XIX of the Social Security Act) from State and local tax appropriations or other State and local government revenues, or from a quasi-public corporation as defined at 42 CFR 124.2(m), to cover operating deficits attributable to the provision of discounted services; or

(ii) If provided, in each of the three most recent fiscal years, uncompensated services under this subpart or under programs described by the documentation provided under § 124.513(c)(2) in an amount not less than twice the annual compliance level computed under § 124.503(a).

(c) *Procedures for certification.* To be certified under this section, a facility must submit to the Secretary, in addition to other materials that the Secretary may from time to time require, copies of the following:

(1) Audited financial statements or official State or local government documents (such as annual reports or budget documents), for the three most recent fiscal years, sufficient to show that the facility meets the criteria in paragraph (b)(3)(i) or (ii) of this section.

(2) A complete description of its program(s) of discounted health services, including charging and collection policies of the facility, and eligibility cri-

teria and notice and determination procedures used under its program(s) of discounted services.

(d) *Period of effectiveness.* (1) A certification by the Secretary under this section remains in effect until withdrawn. The Secretary may disallow credit under this subpart when the Secretary determines that there has been a material change in any factor upon which certification was based or substantial noncompliance with this subpart. The Secretary may withdraw certification where the change or noncompliance has not been adequately remedied or otherwise continues.

(2) *Deficits*—(i) *Title VI-assisted facilities with assessed deficits.* Where a facility assisted under title VI of the Act has been assessed as having a deficit under § 124.503(b) that has not been made up prior to certification under this section, the facility may make up that deficit by either—

(A) Demonstrating to the Secretary’s satisfaction, that it met the requirements of paragraph (b) of this section for each year in which a deficit was assessed; or

(B) Providing an additional period of service under this section on the basis of one (or portion of a) year of certification for each year (or portion of a year) of deficit assessed. The period of obligation applicable to the facility under § 124.501(b) shall be extended until the deficit is made up in accordance with the preceding sentence.

(ii) *Title VI-assisted facilities which have not been assessed.* Where any period of compliance under this subpart of a facility assisted under title VI of the Act has not been assessed, the facility will be presumed to have no allowable credit for such period. The facility may either—

(A) Make up such deficit in accordance with paragraph (d)(2)(i) of this section; or

(B) Submit an independent certified audit, conducted in accordance with procedures specified by the Secretary, of the facility’s records maintained pursuant to § 124.510. If the audit establishes to the Secretary’s satisfaction that no, or a lesser, deficit exists for the period in question, the facility will receive credit for the period so justified. Any deficit which the Secretary

determines still remains must be made up in accordance with paragraph (d)(2)(i) of this section.

(iii) *Title XVI-assisted facilities.* (A) A facility assisted under title XVI of the Act which has an assessed deficit which was not made up prior to certification under this section shall make up that deficit in accordance with paragraph (d)(2)(i)(A) of this section. If it cannot make the showing required by that paragraph, it shall make up the deficit when its certification under this section is withdrawn.

(B) A facility assisted under title XVI of the Act whose compliance with this subpart has not been completely assessed will be presumed to have no allowable credit for the unassessed period. The facility may make up the deficit by—

(1) Following the procedure of subparagraph (d)(2)(iii)(A) of this section; or

(2) Submitting an independent certified audit, conducted in accordance with procedures specified by the Secretary, of the facility's records maintained pursuant to § 124.510. If the audit establishes to the Secretary's satisfaction that no, or a lesser, deficit exists for the period in question, the facility will receive credit for the period so justified. Any deficit which the Secretary determines still remains must be made up in accordance with paragraph (d)(2)(iii)(A) of this section.

§ 124.514 Compliance alternative for facilities with small annual obligations.

(a) *Effect of certification.* The Secretary may certify a facility which meets the requirements of paragraphs (b) and (c) of this section as a "facility with a small annual obligation." A facility which is so certified is not required to comply with this subpart except as otherwise herein provided.

(b) *Criteria for qualification.* A facility may qualify for certification under this section if all of the following criteria are met:

(1)(i) *Title VI-assisted facilities.* (A) For the facility's fiscal year in which

this section becomes effective, the level, computed under § 124.503(c) (3), divided by the number of years remaining in its period of obligation (including an additional year or portion of a year for each year or portion of a year in which a deficit was incurred and has not been made up), is not more than \$10,000;

(B) For a subsequent fiscal year, the level computed under paragraph (A) of this paragraph (b)(1)(i), is at or less than \$10,000, adjusted by a percentage equal to the percentage change in the CPI available in the year in which this section becomes effective and the most recent year for which a published index is available.

(ii) *Title XVI-assisted facilities.* (A) For the facility's fiscal year in which this section becomes effective, the level under § 124.503(a), plus the amount of any noncompliance deficits which have not been made up, is at or less than \$10,000.

(B) For a subsequent fiscal year, the level, computed under paragraph (A) of this paragraph (b)(1)(ii), is at or less than \$10,000, adjusted as provided in paragraph (b)(1)(i)(B) of this section.

(2) It provides health services without charge or at a substantially reduced rate to persons who are determined by the facility to qualify therefor under a program of discounted health services. A "program of discounted health services" must provide for financial and other objective eligibility criteria and procedures, including notice prior to nonemergency service, that assure effective opportunity for all persons to apply for and obtain a determination of eligibility for such services, including a determination prior to service where requested; *Provided that*, such criteria and procedures are not required where the facility makes all services available to all persons at no or nominal charge.

(c) *Procedures for certification.* To be certified under this section, a facility must submit to the Secretary, in addition to other materials that the Secretary may from time to time require, a complete description of its program(s) of discounted health services,

including charging and collection policies of the facility, and eligibility criteria and notice and determination procedures used under its program(s) of discounted services.

(d) *Period of effectiveness.* A certification by the Secretary under this section remains in effect until withdrawn. During the period in which such certification is in effect, the facility must provide uncompensated services in an amount not less than the level applicable under paragraph (b)(1) of this section for each fiscal year. The Secretary may disallow credit under this subpart when the Secretary determines that there has been a material change in any factor upon which certification was based or substantial noncompliance with this subpart. The Secretary may withdraw certification where the change or noncompliance cannot be or has not been adequately remedied or noncompliance otherwise continues.

(e) *Deficits.* (1) Where the compliance level of a facility assisted under title VI of the Act is computed under paragraph (b)(1)(i)(A) of this section as including additional year(s) or a portion of a year, the facility's period of obligation under this subpart shall be extended by such additional period, until certification is withdrawn.

(2) Where a facility has been assessed as having a deficit under §124.503(b) that has not been made up prior to withdrawal of certification under this section or fails to provide services as required by paragraph (d) of this section, the facility must make up the deficit in accordance with §124.503(b) following withdrawal of certification.

(b) *Deficits*—(1) *Title VI-assisted facilities with assessed deficits.* Where a facility assisted under title VI of the Act has been assessed as having a deficit under §124.503(b) that has not been made up prior to certification under this section, the facility may make up that deficit by either—

§ 124.601 Applicability.

The provisions of this subpart apply to any recipient of Federal assistance under title VI or XVI of the Public Health Service Act that has given an assurance that it would make the facility or portion thereof assisted available to all persons residing (and, in the case of title XVI assisted applicants, employed), in the territorial area it serves. This assurance is referred to in this subpart as the "community service assurance."

(b) *Emergency services.* (1) A facility may not deny emergency services to any person who resides (or, in the case of facilities assisted under title XVI of the Act, is employed) in the facility's service area on the ground that the person is unable to pay for those services.

(2) A facility may discharge a person that has received emergency services, or may transfer the person to another facility able to provide necessary services, when the appropriate medical personnel determine that discharge or transfer will not subject the person to a substantial risk of deterioration in medical condition.

(c) *Third party payor programs.* (1) The facility shall make arrangements, if eligible to do so, for reimbursement for services with:

(i) Those principal State and local governmental third-party payors that provide reimbursement for services that is not less than the actual costs,

as determined in accordance with accepted cost accounting principles; and

(ii) Federal governmental third-party programs, such as medicare and medicaid.

(2) The facility shall take any necessary steps to insure that admission to and services of the facility are available to beneficiaries of the governmental programs specified in paragraph (c)(1) of this section without discrimination or preference because they are beneficiaries of those programs.

(d) *Exclusionary admissions policies.* A facility is out of compliance with its community service assurance if it uses an admission policy that has the effect of excluding persons on a ground other than those permitted under paragraph (a) of this section. Illustrative applications of this requirement are described in the following paragraphs:

(1) A facility has a policy or practice of admitting only those patients who are referred by physicians with staff privileges at the facility. If this policy or practice has the effect of excluding persons who reside (or for title XVI facilities, are employed) in the community from the facility because they do not have a private family doctor with staff privileges at the facility, the facility would not be in compliance with its assurance. The facility is not required to abolish its staff physician admissions policy as a usual method for admission. However, to be in compliance with its community service assurance it must make alternative arrangements to assist area residents who would otherwise be unable to gain admission to obtain services available in the facility. Examples of alternative arrangements a facility might use include:

(i) Authorizing the individual's physician, if licensed and otherwise qualified, to treat the patient at the facility even though the physician does not have staff privileges at the facility;

(ii) For those patients who have no physician, obtaining the voluntary agreement of physicians with staff privileges at the facility to accept referrals of such patients, perhaps on a rotating basis;

(iii) If an insufficient number of physicians with staff privileges agree to participate in a referral arrangement,

requiring acceptance of referrals as a condition to obtaining or renewing staff privileges;

(iv) Establishing a hospital-based primary care clinic through which patients needing hospitalization may be admitted; or

(v) Hiring or contracting with qualified physicians to treat patients who do not have private physicians.

(2) A facility, as required, is a qualified provider under the title XIX medicaid program, but few or none of the physicians with staff privileges at the facility or in a particular department or sub-department of the facility will treat medicaid patients. If the effect is that some medicaid patients are excluded from the facility or from any service provided in the facility, the facility is not in compliance with its community service assurance. To be in compliance a facility does not have to require all of its staff physicians to accept medicaid. However, it must take steps to ensure that medicaid beneficiaries have full access to all of its available services. Examples of steps that may be taken include:

(i) Obtaining the voluntary agreement of a reasonable number of physicians with staff privileges at the facility and in each department or sub-department to accept referral of medicaid patients, perhaps on a rotating basis;

(ii) If an insufficient number of physicians with staff privileges agree to participate in a referral arrangement, requiring acceptance of referrals as a condition to obtaining or renewing staff privileges;

(iii) Establishing a clinic through which medicaid beneficiaries needing hospitalization may be admitted; or

(iv) Hiring or contracting with physicians to treat medicaid patients.

(3) A facility requires advance deposits (pre-admission or pre-service deposits) before admitting or serving patients. If the effect of this practice is that some persons are denied admission or service or face substantial delays in gaining admission or service solely because they do not have the necessary cash on hand, this would constitute a violation of the community service assurance. While the facility is not required to forego the use of a deposit policy in all situations, it is required

to make alternative arrangements to ensure that persons who probably can pay for the services are not denied them simply because they do not have the available cash at the time services are requested. For example, many employed persons and persons with other collateral do not have savings, but can pay hospital bills on an installment basis, or can pay a small deposit. Such persons may not be excluded from admission or denied services because of their inability to pay a deposit.

§ 124.604 Posted notice.

(a) The facility shall post notices, which the Secretary supplies in English and Spanish, in appropriate areas of the facility, including but not limited to the admissions area, the business office and the emergency room.

(b) If in the service area of the facility the “usual language of households” of ten percent or more of the population, according to the most recent figures published by the Bureau of the Census, is other than English or Spanish, the facility shall translate the notice into that language and post the translated notice on signs substantially similar in size and legibility to, and posted with, those supplied under paragraph (a) of this section.

(c) The facility shall make reasonable efforts to communicate the contents of the posted notice to persons who it has reason to believe cannot read the notice.

§ 124.605 Reporting and record maintenance requirements.

(a) *Reporting requirements*—(1) *Timing of reports.*(i) A facility shall submit to the Secretary a report to assist the Secretary in determining compliance with this subpart once every three fiscal years, on a schedule to be prescribed by the Secretary. The report required by this section shall be submitted not later than 90 days after the end of the fiscal year, unless a longer period is approved by the Secretary for good cause shown.

(ii) A facility shall also submit the required report whenever the Secretary determines, and so notifies the facility in writing, that a report is needed for proper administration of the program.

In this situation the facility shall submit the report specified in this section for the filing of reports, within 90 days after receiving notice from the Secretary, or within 90 days after the close of the fiscal year, whichever is later.

(2) *Content of report.* The report must be submitted on a form prescribed by the Secretary and must include information that the Secretary prescribes to permit a determination of whether a facility has met its obligations under this subpart.

(3) The facility shall provide a copy of any report to the HSA for the area when submitting it to the Secretary.

(4) *Institution of suit.* Not later than 10 days after being served with a summons or complaint, the applicant shall notify the Regional Health Administrator for the Region of HHS in which it is located of any legal action brought against it alleging that it has failed to comply with the requirements of this subpart.¹

(b) *Record maintenance requirements.* (1) A facility shall maintain, make available for public inspection consistent with personal privacy, and provide to the Secretary on request, any records necessary to document its compliance requirements of this subpart in any fiscal year, including documents from which information required to be reported under paragraph (a) of this section was obtained. A facility shall maintain these records until 180 days following the close of the Secretary's investigation under § 124.606(a).

§ 124.606 Investigation and enforcement.

(a) *Investigations.* (1) The Secretary periodically investigates the compliance of facilities with the requirements of this subpart, and investigates complaints.

(2)(i) A complaint is filed with the Secretary on the date on which the following information is received in the Office of the Regional Health Administrator for the Region of HHS in which the facility is located:

(A) The name and address of the person making the complaint or on whose behalf the complaint is made;

(B) The name and location of the facility;

(C) The date or approximate date on which the event complained of occurred, and

(D) A statement of what actions the complainant considers to violate the requirements of this subpart.

(ii) The Secretary promptly provides a copy of the complaint to each facility named in the complaint.

(3) When the Secretary investigates a facility, the facility shall provide to the Secretary on request any documents, records and other information concerning its operations that relate to the requirements of this subpart.

(4) The Act provides that if the Secretary dismisses a complaint or the Attorney General has not brought an action for compliance within six months from the date on which the complaint is filed, the person filing it may bring a private action to effectuate compliance with the assurance. If the Secretary determines that he will be unable to issue a decision on a complaint or otherwise take appropriate action within the six month period, he may, based on priorities for the disposition of complaints that are established to promote the most effective use of enforcement resources, or on the request of the complainant, dismiss the complaint without a finding as to compliance prior to the end of the six month period, but no earlier than 45 days after the complaint is filed.

(b) *Enforcement.* (1) If the Secretary finds, based on his investigation under paragraph (a) of this section, that a facility did not comply with the requirements of this subpart, he may take any action authorized by law to secure compliance, including but not limited to voluntary agreement or a request to the Attorney General to bring an action against the facility for specific performance.

(2) If the Secretary finds, based on his investigation under paragraph (a) of this section, that a facility has limited the availability of its services in a manner proscribed by this subpart, he may, in addition to any other action that he is authorized to take in accordance with the Act, require the facility

to establish an effective affirmative action plan that in his judgment is designed to insure that its services are made available in accordance with the requirements of this subpart.

§ 124.607 Agreements with State agencies.

(a) Where the Secretary finds that it will promote the purposes of this subpart, and the State agency is able and willing to do so, he may enter into an agreement with the State agency for the State agency to assist him in administering this subpart in the State.

(b) Under an agreement, the State agency will provide the Secretary with any assistance he requests in any one or more of the following areas, as set out in the agreement:

(1) Investigation of complaints of noncompliance;

(2) Monitoring the compliance of facilities with the requirements of this subpart;

(3) Review of affirmative action plans submitted under § 124.606(b);

(4) Review of reports submitted under § 124.605;

(5) Making initial decisions for the Secretary with respect to compliance, subject to appeal by any party to the Secretary or review by the Secretary on his own initiative; and

(6) Application of any sanctions available to it under State law (such as license revocation or termination of State assistance) against facilities determined to be out of compliance with the requirements of this subpart.

(c) A State agency may use funds received under section 1525 of the Act to pay for expenses incurred in the course of carrying out this agreement.

(d) Nothing in this subpart precludes any State from taking any action authorized by State law regarding the provision of services by any facility in the State as long as the action taken does not prevent the Secretary from enforcing the requirements of this subpart.

APPENDIX TO SUBPART G—INTERIM PROCEDURES AND CRITERIA FOR REVIEW BY HEALTH SYSTEMS AGENCIES OF APPLICATIONS UNDER SECTION 1625 OF THE PUBLIC HEALTH SERVICE ACT

In performing reviews under section 1513 (e) of the Public Health Service Act (42 U.S.C. 3001-2(c)) of applications for grants under section 1625 of the Act, health systems agencies shall use the procedures and criteria stated below. A health systems agency may not conduct such reviews until the procedures and criteria to be used in conducting the reviews have been adopted by the agency and published in newspapers of general circulation within the health service area or other public information channels.

PROCEDURES

The procedures adopted and utilized by a health systems agency for conducting reviews of applications for grants under section 1625 of the Act shall include at least the following: 1. Except as provided below, notification of the beginning of a review within seven days of the receipt by the health systems agency of the application. Where the application was received by the health systems agency prior to publication of this subpart in the FEDERAL REGISTER, notification must be made within seven days of the date on which the health systems agency adopts its procedures and criteria. The notification shall include the proposed schedule for the review, the period within which a public hearing during the course of the review may be requested (which must be a reasonable period from the transmittal of the written notification required above), and the manner in which notification will be provided of the time and place of any hearings so requested. Written notification to members of the public may be provided through newspapers of general circulation in the area and public information channels. Notification to the applicant whose application is being reviewed and all other applicants for assistance under section 1625 of the Act providing health service in the health service area shall be by mail (which may be as part of a newsletter). The health systems agency must simultaneously notify the Federal funding agency of the beginning of the review.

2. Schedules for reviews which provide that such reviews shall not exceed 60 days from the date of notification made in accordance with paragraph 1 of this section to the date of the written findings made in accordance with paragraph 4 of this section. This does

§ 124.701

not preclude a health systems agency from conducting its review in less than 60 days.

3. Provision for applicants to submit to the health systems agency (in such form and manner as the agency shall require) such information as the agency deems necessary in order to conduct its review.

4. Written findings which state the basis for the approval or disapproval of the application by the health systems agency. Such findings shall be sent to the applicant, the State health planning and development agency (or agencies), and the Secretary, and shall be available to other upon request.

5. Access by the general public to all such applications reviewed by the health systems agency and to all other written materials pertinent to the agency review.

6. Public hearings in the course of agency review, if requested by one or more persons directly affected by the review. For purposes of this paragraph, a "person directly affected by the review" is as defined in 42 CFR 122.306 (a)(7).

CRITERIA

The specific criteria adopted and utilized by a health systems of this agency to conduct reviews of applications for grants under section 1625 of the Act shall include at least the following:

1. The relationship of the health services of the facility to the applicable health systems plan and annual implementation plan.

2. The relationship of the health services of the facility to the long-range development plan (if any) of the applicant.

3. The need that the population served or to be served by the facility has for the health services of such facility.

4. The availability of alternative, less costly, or more effective methods of providing the health services which the facility provides.

5. The relationship of the health services provided by the facility to the existing health care system of the area.

6. The availability of resources (including health manpower, management personnel, and funds for capital and operating needs) for the provision of services by the facility and the availability of alternative uses of such resources for the provision of other health services.

7. The special needs and circumstances of those entities which provide a substantial portion of their services or resources, or both, to individuals not residing in the health service area in which the entities are located or in adjacent health service areas. Such entities may include medical and other health professions schools, multidisciplinary clinics, and other speciality centers.

8. The special needs and circumstances of health maintenance organizations for which assistance may be provided under title XIII.

42 CFR Ch. I (10-1-00 Edition)

9. The costs and methods of the proposed construction or modernization, including the costs and methods of energy provision.

10. The probable impact of the project reviewed on the applicant's costs of providing health services.

Subpart H—Recovery of Grant Funds

AUTHORITY: Secs. 609 and 1622 of the Public Health Service Act as amended 98 Stat. 112 (42 U.S.C. 291i and 300s-1a).

SOURCE: 51 FR 7939, Mar. 7, 1986, unless otherwise noted.

§ 124.701 Applicability.

The provisions of this subpart apply to facilities with respect to which grant funds were paid for construction or modernization—

(a) Under title VI or XVI of the Public Health Service Act; or

(b) Pursuant to the authority of the Secretary under any of the following statutes:

(1) The Public Works Acceleration Act of 1962, Pub. L. 87-658 (42 U.S.C. 2641 *et seq.*);

(2) The District of Columbia Medical Facilities Construction Act of 1968, 82 Stat. 631 (Pub. L. 90-457);

(3) The Appalachian Regional Development Act of 1965, as amended (40 U.S.C. App.).

§ 124.702 Definitions.

As used in this subpart—

Act means the Public Health Service Act.

Department means the Department of Health and Human Services.

Expected useful life means the period of time during which the structure may reasonably be expected to perform the function for which it was designed or intended.

Facility means a facility with respect to which grant funds were paid under any of the authorizations listed in § 124.701.

Fiscal year means the facility's fiscal year.

Nonprofit, as applied to any facility, means a facility that is owned and operated by one or more nonprofit corporations or associations no part of the net earnings of which inures, or may

lawfully inure, to the benefit of any private shareholder or individual.

Secretary means the Secretary of Health and Human Services and any other officer or employee of the Department of Health and Human Services to whom the authority involved has been delegated.

State agency means (1) in the case of a facility with respect to which a grant was made under title VI of the Public Health Service Act or any of the statutes listed in § 124.701(b), the State agency designated pursuant to section 604 of the Public Health Service Act or its successor agency, and (2) in the case of a facility with respect to which a grant was made under title XVI of the Public Health Service Act, the State health planning and development agency designated pursuant to title XV of the Public Health Service Act.

Then value means the value of the facility on the date the facility is sold, transferred or ceases to be used for a permissible use as described in § 124.704.

§ 124.703 Federal right of recovery.

(a) If any facility is at any time within 20 years after the completion of the grant-assisted construction or modernization sold or transferred to any entity which is either not qualified for a grant under the statute pursuant to which the grant was awarded or not approved as a transferee by the State agency, the United States shall be entitled to recover on the basis of joint and several liability from any transferor, transferee, or successive transferee of the facility an amount determined in accordance with this subpart.

(b) If any facility at any time within 20 years after the completion of the grant-assisted construction or modernization ceases to be a public or other non-profit facility that would have been eligible for a grant under the statute pursuant to which the grant was awarded, the United States shall be entitled to recover from the owners of the facility an amount determined in accordance with this subpart.

§ 124.704 Notification of sale, transfer, or change of use.

(a) The transferor of a facility that is sold or transferred as described in § 124.703(a), or the owner of a facility

which ceases to be a public or other nonprofit facility as described in § 124.703(b), shall provide the Secretary written notice of such sale, transfer, or other change not later than 10 days after the date on which the sale, transfer, or change occurs.

(1) *Transfer*. For purposes of this subpart, a transfer occurs when a facility is conveyed to another entity through lease, merger, bankruptcy, foreclosure, or other arrangement.

(2) *Cease to be*. For purposes of this subpart,

(i) A facility "ceases to be" a facility for which a grant could have been made under the statute pursuant to which the grant was awarded when it is no longer operated as such a facility; and

(ii) A facility "ceases to be a public or nonprofit facility" when an entity that is not a public or other non-profit corporation or association assumes management responsibilities with respect to the facility which, in the Secretary's judgment, are so pervasive as to constitute operation of the facility. The manager will not be deemed to be the operator of the facility if the management agreement contains both of the following provisions:

The Board of Directors of the facility retains authority to terminate the agreement at any time upon reasonable notice to the contractor.

No employee of the contractor may be a member of the facility's Board of Directors.

In the absence of either of these provisions the Secretary will consider the degree of control granted to the managing organization over patient admission, determination of what services will be provided, and charges for services provided in the facility.

(b) *Content of Notice*. The notice required by paragraph (a) of this section shall be sent to the Secretary by certified mail, and shall contain or be accompanied by

(1) The date of the sale, transfer, or other event that gives rise to the notice;

(2) Copies of any sales contracts, lease agreements, management contracts or other documents pertinent to the event giving rise to the notice;

(3) Estimates of current assets, current liabilities, book value of equipment, the expected value of land on the

§ 124.705

42 CFR Ch. I (10–1–00 Edition)

new owner's books, and the remaining depreciation for all fixed assets involved in the transaction calculated on a straight line basis using commonly adopted expected useful lifetimes.

(c) *Failure to provide notice.* Failure to provide the information required by paragraph (b) of this section, will be considered failure to provide the notice required by this section. In any case in which such information has not been provided, the Secretary will, promptly upon receiving an incomplete notice or otherwise discovering that a sale, transfer or other event giving rise to a recovery may have occurred, send a letter to the owner of the facility requesting the information needed to calculate a recovery amount.

(Approved by the Office of Management and Budget under control number 0915-0099)

§ 124.705 Amount of recovery.

(a) Except as provided in § 124.706, the amount that the United States shall be entitled to recover under this subpart is that amount bearing the same ratio to the then value of so much of the facility as constituted an approved project (or projects) as the amount of Federal participation bore to the cost of the construction or modernization under such project (or projects).

(b) The then value of the facility will be based on:

(1) The transaction value in the case of an arms-length sale or transfer, or

(2) A depreciated reproduction value in the absence of an arms-length sale or transfer or if the buyer fails to provide, within 60 days after the date of the Secretary's letter described in § 124.704(c), the information which, in the judgment of the Secretary, is necessary to establish, adjust, and apportion a transaction value. As used in this section, "transaction value" means in the case of a sale, the sale price, and in the case of a lease, the value of the lease plus the residual value of the facility at the termination of the lease (i.e., the reproduction value or, if appropriate, an alternative use value).

(c) The transaction value will be adjusted to account for the purchase or lease of other assets and the assumption of liabilities associated with the transaction. To determine the amount

of Federal recovery, the adjusted value will be apportioned to the grant-aided assets by the ratio of the remaining useful lifetime values of those assets to the sum of the remaining useful lifetime values of all assets not previously accounted for in adjusting the transaction value.

(d) A depreciated reproduction value will be established by calculating a reproduction value using construction cost indexes or current costs per square foot for construction, depending on which is more relevant to the type of construction associated with the grant. This reproduction value will then be adjusted by the ratio of the remaining useful life to the total useful life for the assets involved.

(e) In calculating the recovery amount, the Secretary will include as Federal participation any grant assistance received by the facility under an authority listed in § 124.701 and any assistance supplementary to that assistance received for the construction or modernization of the facility under the Public Works and Economic Development Act of 1965 (42 U.S.C. 3121, *et seq.*) or the Local Public Works Capital Development Act of 1976 (Pub. L. 94-369).

§ 124.706 Calculation of interest.

(a) In addition to the amount of recovery calculated under § 124.705, the United States shall be entitled to recover interest on such amount in accordance with this section at the rate determined by the Secretary based on the average of the bond equivalent of the weekly ninety-day U.S. Treasury bill auction rate for the quarter previous to the quarter in which interest begins to accrue under this section.

(1) *Change of status before July 18, 1984.* For facilities that were sold or transferred or which ceased to be public or other nonprofit facilities before July 18, 1984, interest will be charged beginning August 17, 1984, or 180 days after the date of such sale, transfer or other, whichever is later, and ending on the date the amount the United States is entitled to recover is collected.

(2) *Change of status after July 17, 1984.* For facilities that are sold or transferred or which cease to be public or other nonprofit facilities after July 17,

1984, interest will be charged beginning 180 days after receipt by the Department of the notice required under § 124.704; *Provided*, That if such notice is not provided as prescribed, interest will be charged beginning on the date of the sale, transfer, or change of use, and ending on the date the amount which the United States is entitled to recover is collected.

(b) The Secretary may waive interest charges that result from delays caused solely by the Department.

§ 124.707 Waiver of recovery where facility is sold or transferred to a proprietary entity.

(a) *Conditions of the waiver.* The Secretary may waive the recovery rights of the United States arising under § 124.703(a) if the entity to which the facility was sold or transferred:

(1) Has filed a written request for the waiver within the time limits prescribed by this section;

(2) Has established an irrevocable trust in accordance with this section, in an amount equal to the greater of the amount that would otherwise have been recovered pursuant to § 124.705 (including accrued interest as calculated under § 124.706) or twice the cost of the remaining uncompensated services obligation of the facility as of the date of the change of status, that will be used by the entity only to provide services to those unable to pay in accordance with the requirements of subpart F of this part; and

(3) Has agreed to comply with the community service regulations set out in subpart G of this part.

(b) *Procedures for obtaining waiver.* (1) Within 30 days after the date of receipt of the information described in § 124.704(b), the Secretary will send a letter to the new owner of the facility advising of the United States' right of recovery and the opportunity to obtain a waiver. For the purpose of advising the new owner of the amount to be placed in the irrevocable trust should the owner wish to obtain a waiver, the letter will also state the dollar amount of the remaining uncompensated care obligation and the amount that would be due under § 124.705, computed as follows:

(i) *Computation of uncompensated care obligation.* (A) For a facility which changes status before the date that subpart F of this part is effective for the facility, the remaining uncompensated services obligation is zero.

(B) For a facility which changes status after the date that subpart F of this part is effective for the facility, the Secretary will multiply the annual compliance level, computed under the 10% method specified in 42 CFR 124.503(a)(1)(ii), for the fiscal year in which the change of status occurs times the number of years remaining in the facility's uncompensated services obligation. From this amount, the Secretary will subtract amounts of excess or add amounts of deficit for each fiscal year prior to the change of status for which the Secretary has previously conducted an audit of uncompensated services accounts. Excess and deficits will be adjusted by the percent change in the National Consumer Price Index for Medical Care between the year in which the excess or deficit occurred and the year in which the status change occurred. For each fiscal year prior to the change of status which the Secretary has not audited, the Secretary will add to the remaining obligation an amount equal to the annual compliance level in each such year adjusted by the percent change in the National Consumer Price Index for Medical Care between that year and the year of the status change. The amount computed as the total remaining obligation will then be multiplied by two. If the transferee chooses to accept the Secretary's calculation, no further assessments will be made of uncompensated care provided prior to the change of status date. If the transferee does not accept the calculation, the transferor or transferee may hire, and may charge against the irrevocable trust established under this section, an independent auditor to certify the compliance level and any excess or deficit for the period from May 18, 1979, up to and including the date of the change of status, using standard Departmental procedures supplemented with instructions provided by the Secretary, and submit the results in accordance with paragraph (b)(2)(ii) of this section. The audit may be conducted for any years

not included in a previous site assessment conducted by the Department. If the Secretary agrees that a change is appropriate, the Secretary will use this information to adjust the calculation as set out in paragraph (b)(3) of this section. If the independent auditor certifies that qualified care was rendered either at the facility or at a replacement facility operated by the transferee between the date of the change of status and the date of establishment of the trust, and the Secretary agrees, the post transfer level of care shall not affect the calculation of the total remaining uncompensated care obligation to be doubled, but instead shall be recognized as a credit to be drawn from the trust as provided in paragraph (c)(1)(ii) of this section. In the case of a facility with respect to which a grant was made under title XVI of the Act, the remaining period of obligation will be the remainder of the expected useful life of the facility, as follows: 40 years for buildings, 30 years for additions, 20 years for building renovations, 20 years for fixed equipment and 12 years for major movable equipment.

(ii) *Computation of recovery amount.* The Secretary will determine the recovery amount as provided in § 124.705.

(2) Within 60 days following the date of the Secretary's letter provided pursuant to paragraph (b)(1) of this section, the owner of the facility shall notify the Secretary in writing that it either:

(i) Accepts the trust fund amount for the waiver as offered by the Secretary;

(ii) Provides a detailed statement of an alternative determination of the recovery amount or an independent audit of the remaining uncompensated services obligation as described in paragraph (b)(1)(i) of this section; or

(iii) Does not seek a waiver under § 124.707. Failure to provide a timely response to the Secretary under this subparagraph will be considered an election not to seek the waiver.

(3) Within 30 days following the receipt of the owner's views concerning the calculation, and after considering those views, the Secretary will send a final letter providing the Secretary's determination of twice the remaining uncompensated care obligation and the recovery amount under § 124.705. The

amount to be placed in the irrevocable trust will be the higher of those two figures. (See paragraph (a)(2) of this section.)

(4) Within 30 days of the date of the final letter, the owner of the facility shall notify the Secretary in writing whether or not it accepts the terms of the waiver. Failure to provide timely notice to the Secretary under this subparagraph will be considered an election not to accept the waiver.

(c) *Establishment of the trust.* (1) Within 60 days of the date of its acceptance of a waiver under paragraph (b)(2) or (b)(4) of this section, the owner shall begin delivering services to those unable to pay in accordance with subpart F of this part under an irrevocable trust established in the amount calculated pursuant to paragraph (b) of this section. *Provided, That*

(i) The owner shall provide a copy of the trust documents to the Secretary and no trust shall be considered established until the trust documents have been approved by the Secretary; and

(ii) The owner may credit against the trust any uncompensated services provided in accordance with subpart F of this part between the date of the change of status of the facility and the establishment of the trust. For an owner to receive the credit before the establishment of the trust and deposit of funds therein, the auditor's report covering the post-transfer period shall be submitted with the notification of acceptance of the waiver, and in any event, not later than 30 days from the date of the Secretary's final letter described in paragraph (b)(3) of this section. Within 30 days following the receipt of the auditor's report, the Secretary will notify the owner of the allowable credit, if any. If the auditor's report is not timely submitted, the trust must be established and fully funded, in accordance with the time limits imposed by paragraph (c)(1) of this section, and the Secretary will notify the owner of the allowable credit, if any, within 30 days of the date of the establishment of the trust or within 30 days of the receipt of the report, whichever is later.

(2) The trust shall be administered by a Trustee who is neither an employee of the transferee nor an employee of a

subsidiary or of the parent institution of the transferee.

(3) The trust shall provide that the trust corpus and income may be invested only in U.S. Government or U.S. Government insured securities.

(d) *Use of the trust.* The corpus and income of the irrevocable trust shall be used to pay for the costs of uncompensated services, which may include reasonable costs of establishing and administering the trust and the cost of the independent audit described in paragraph (b)(1)(i) of this section, until the trust is exhausted.
